June 24, 2016 Draft		
The items outlined in this document are clarifications or modifications that will be made to YoungStar for 2017/2018 implementation. These will be effective for any program that applies to YoungStar on or after January 1, 2017 or whose anniversary date is in scope of this.		
General Clarifications That Apply to All VS Programs		
Category	Indicator	Clarification

In Day Camp evaluation criteria, the group selection for indicators that need verification will be for the following agegroups: 3-4 year olds (if applicable), 5 year olds, and older.
Learning Environment and Curriculum		No substantive changes.
Business and Professional Practices		No substantive changes.
Family Engagement	E&G Family Engagement	The example in the indicator has either been clarified or modified to better meet the program type. Beginning in scope, 3-star programs are required to achieve 1 point. 4 and 5 star programs are required to achieve 2 points.
Health and Well-being	D&A Healthy nutrition and/or physical activity policies and practices	This indicator is changing from using CACFP participation and menu review to requiring programs to utilize a process of self-assessment in the area of nutrition and/or physical activity. This indicator is required for 3, 4 and 5 stars.
